

REACH Statement

Cartiere del Garda complies with the requirements set out in REACH Regulation

The European Regulation (CE) 1907/2006 (hereinafter called REACH, an acronym for Registration, Evaluation and Authorization of Chemical substances) which came into effect on st June 2007, places greater responsibility on industry to manage the risks from chemicals and to provide safety information on the substances to improve the protection of human health and the environment. It requires registration with the European Chemicals Agency (ECHA) for all substances manufactured in and/or imported into the European Union.

The REACH Regulation applies to all chemical substances as such, either in combination or contained in articles. Paper and the packaging of our products are defined as “articles” in accordance with REACH.

Registration of substances:

All chemicals used in the production process of coated paper do not need to be registered by Cartiere del Garda, rather by their individual suppliers, if necessary. Therefore, we have requested all our suppliers provide us with written confirmation that they fulfil their obligations established by REACH Regulation.

List of SVHC substances:

Cartiere del Garda states that, in accordance with the information provided by chemical product suppliers, the compositions and processes of the products manufactured at Cartiere del Garda mill do not include the substances listed in the latest update of the SVHC (Substances of Very High Concern) list under REACH regulation published by ECHA on 05 February 2026*, in an amount higher than 0.1% (w/w).

* Visit the ECHA website: [Candidate List of substances of very high concern for Authorisation - ECHA](#) and [ECHA CHEM](#)

Cartiere del Garda has requested all its raw material and additive suppliers provide confirmation that they do not include the listed substances in the SVHC list above 0.1% in the products they supply to us.

The list is continuously being updated, and growing in some cases, so Cartiere del Garda will continue to strictly fulfill the REACH Regulation.

- **Annex XIV:** ...products manufactured by Cartiere del Garda do not contain the substances included in said annex over a limit of 0.1% (w/w).

- **Annex XVII:** ...products manufactured by Cartiere del Garda do not contain the substances included in said annex over the limit of % (w/w) limited in each entry.

Cartiere del Garda will periodically provide information on the steps taken to implement the REACH Regulation.

If you require additional information, don't hesitate to contact our sales team.
